*Smell the Bright Cold* is scheduled for release later this year. It is available for preorder *NOW* at advance discount prices, but that price is temporary and is only available directly from the publisher.

The price when ordered from the MSR Online Bookstore is \$11 (plus tax and shipping). The advantage of buying online: It's slightly cheaper and shipping per book decreases as the quantity increases because it is based on weight and automatically calculated.

For those who prefer to pay by check, the cost is fixed at \$16/book which includes tax and shipping.

Please remember: These prices are for *advance orders only*. It doesn't mean the book will be shipped early. It only allows buyers to receive a discount for ordering before the book goes to press, but this price will only last for a limited time, so *ORDER NOW!*

*Order form below for those who prefer to pay by check.*
